Dear The Federal Communications Commission,

I do not want to pay more for my telephone service! I urge you to reject a flat fee.  
Don't be like our predecessors to this country who unfairly taxed civilians because they wanted more money. We revolted against the british back then to stop the unfair taxation without representation. Don't keep pushing us to do it again. You keep adding more and more taxes you arrogant greedy pigs. If you continue to do so we will revolt and you will no longer exist. This is not a threat, this is promise from the angry american populus saying we will do what is necessary to protect the freedoms of Life, Liberty, and the pursuit of happiness, which you so blindly take away from us. my last word to you is FUCK YOU for taxes, and fuck you for thinking its ok to keep adding more.

Sincerely,

Tommy D
